

POSITIONING YOUR CENTRE AS THE *BEST* IN YOUR AREA

JOHN BAILEY CAN PROVIDE EDUCATION SOLUTIONS WHICH WORK - I CAN ASSIST YOU TO IMPROVE THE SERVICE YOU OFFER, PROVIDE YOUR STAFF WITH VITAL PROFESSIONAL DEVELOPMENT AND INCREASE THE PROFILE OF YOUR CENTRE

“Every child has the right to the education (at home and in care) which offers them the greatest chance of achieving to their full potential - socially, emotionally and intellectually”

- ⇒ **Have** you children with visual or auditory processing disorders which need intervention?
- ⇒ **Are** some of your children gifted or very able?
- ⇒ **Do** some of your children have attention deficit hyperactivity disorder (passive or active)?
- ⇒ **Which** children have specific learning difficulties or disabilities which you could help parents identify?
- ⇒ **Do** any of your children have obsessive compulsive disorders or similar issues?
- ⇒ **Which** of your children have over-excitabilities or intensities which could be better understood?
- ⇒ **How** many children have social or emotional issues which can be identified and managed?

Would any parents appreciate speaking with an education consultant who really understands the issues and can work with them and you to make the most of your working relationship?

Be proactive - be the ones who identify a child's special gifts or needs before they enter formal schooling. Early intervention is so important.

POSITIONING YOUR CENTRE AS THE *BEST* IN YOUR AREA

BENEFITS TO YOU AND TO YOUR CENTRE & BENEFITS TO PARENTS AND CHILDREN

I can base myself in your centre for as long as you wish to work with parents needing help. Information provided to parents will be presented in a way which will not conflict with the approach your centre adopts or the care and teaching provided by your staff.

I can run evening information sessions for staff and or parents on a range of topics - educating and informing them of future possibilities and of critical issues.

Your staff can receive professional development - improving their understanding of the subtleties of the wide range of complex social, emotional and intellectual idiosyncrasies children exhibit.

Your staff may have access to me during the time I am at the centre and after hours if required.

Parents can access information about their children, assisting them to understand a range of issues relating to; identifying and understanding a range of special needs, parenting, education, choosing schools, etc.

With the right intervention many behaviours can be improved substantially

Develop your reputation

Improved outcomes for the children

Assist parents of at-risk children

Raise your profile

Provide marketing opportunities

Provide training for your staff
